

SNO 2019
Phoenix, AZ
JW Marriott Desert Ridge Hotel
Preston A. Wells Center for Brain Tumor Therapy
Totals: 5 talks, 5 oral abstracts, 21 posters, 3 E-talks

<https://www.eventscribe.net/2019/sno/speakers.asp?goToLetter=M&pfp=Speakers>

Presenter	Wednesday, Nov. 20	1 talk
Duane Mitchell	Think Tank 9:50-9:56 am Location:	Other Immune Cell Populations That May Play Critical Role in Glioma Immunotherapy
Presenter	Thursday, Nov. 21	3 talks
Duane Mitchell	Welcome & Introduction 8:00 AM – 8:10 AM Location:	Welcome & Introduction
Duane Mitchell	Ed Day Speaker Thursday, November 21 11:00 AM - 11:25 AM Location	State of the field of immunotherapy for brain tumors
Duane Mitchell	Invited Speaker – Town Hall Thursday, November 21 7:10 PM - 7:20 PM Location: Grand Canyon 1-6	Immunotherapy for GBM. Should we move on?
Presenter	Friday, Nov. 22	1 Sunrise Speaker talk 3 Oral Abstracts 12 Posters
Hideho Okada Duane Mitchell	Sunrise Chair(s) Friday, November 22 7:00 AM - 8:30 AM Location: Grand Canyon 1-6	Sunrise Session: Advancing Immunotherapy for Brain Tumors
Duane Mitchell	Sunrise Speaker Friday, November 22 7:00 AM - 7:20 AM Location: Grand Canyon 1-6	Introduction and cellular immunotherapy
Loic Deleyrolle	Oral Abstract Speaker Friday, November 22 2:10 PM - 2:20 PM Location: Grand Canyon 8-13	TMIC-29 - Metabolic interactions between treatment-resistant slow-cycling cells and the immune system in high-grade glioma

<https://www.eventscribe.net/2019/sno/speakers.asp?goToLetter=M&pfp=Speakers>

Elias Sayour	Oral Abstract Speaker Friday, November 22 4:25 PM - 4:30 PM Location: Grand Canyon 1-6	IMMU-47 - RNA-nanoparticle vaccines are safe and immunologically active in client-owned canines with terminal gliomas
Aida Karachi (Maryam Rahman)	Oral Abstract Speaker Friday, November 22 4:30 PM - 4:35 PM Location: Grand Canyon 1-6	IMMU-07 - Cellular immunotherapy to overcome temozolomide induced T cell exhaustion in glioblastoma
Garrett Fitzpatrick (Jessie Kresak)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	MNGI-11 - High-grade and low-grade meningiomas harbor differing metabolomic profiles
Trisha Kissoon-Larkin	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	PATH-52 - ANAPLASTIC PILOMYXOID ASTROCYTOMA HARBORING BRAF FUSION, PTEN AND TERT MUTATIONS
David Shin	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	TMIC-08 - Identification of tumor specific lymphocytes in a murine glioma model
Eric McGhee (Greg Sawyer)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	TMIC-50 - 3D quantification of dynamic cytokine gradients produced by primary tumor models
Oleg Yegorov	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	ATIM-34 - Single-cell RNA sequencing reveals dynamic immune response changes in glioblastoma patient with durable complete response to CMV pp65-LAMP RNA-pulsed dendritic vaccines
Lan Hoang-Minh	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	EXTH-42 - Quantitative Biodistribution of Adoptively Transferred T Cells in Brain Tumor-Bearing Mice
Changlin Yang	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	IMMU-24 - A comprehensive in silico approach to discovering tumor rejection antigens in malignant brain tumors
Meng Na (Jianping Huang)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	IMMU-26 - Radiation and temozolomide up-regulates CD70 expression and enhances CAR T- cell recognition in GBM

Elias Sayour	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	IMMU-32 - RNA-nanoparticle vaccines mediate T cell trafficking necessary for BBB passage and anti-glioma immune response
Dongjiang Chen (David Tran)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	DRES-06 - Prostaglandin E Receptor 3 mediates resistance to Tumor Treating Fields in glioblastoma cells
Dongjiang Chen (David Tran)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	IMMU-06 - TFields induces immunogenic cell death and STING pathway activation through cytoplasmic double-stranded DNA in glioblastoma cells
Annie Allen (David Tran)	Poster Presenting Author Friday, November 22 7:30 PM - 9:30 PM Location: Ballroom Lawn	ACTR-60 - A phase 2, historically controlled study testing the efficacy of TFields with adjuvant temozolomide in high-risk WHO grade II and III astrocytomas (FORWARD)
Presenter	Saturday, Nov. 23	3 E-Talks 9 Posters
Farhad Dastmalchi (Maryam Rahman)	E-Talk Presenter Saturday, November 23 5:24 PM - 5:28 PM Location: Wildflower B	EXTH-15 - Increasing the trafficking of dendritic cells via CXC chemokine signaling pathway leads to improved anti-tumor efficacy of dendritic cell vaccines
Joseph Flores-Toro (Jeff Harrison)	E-Talk Presenter Saturday, November 23 5:40 PM - 5:44 PM Location: Wildflower A	IMMU-05 - Disruption of the CCR2 chemokine receptor pathway overcomes therapeutic resistance to PD-1 blockade in malignant glioma
Elias Sayour	E-Talk Presenter Saturday, November 23 5:56 PM - 6:00 PM Location: Wildflower A	IMMU-39 - RNA loaded lipid-nanoparticles function as customizable immunotherapeutic vehicles against malignant gliomas
Trisha Kissoon-Larkin	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	QQLP-11 - Psychosocial Impairment in Pediatric Neuro-Oncology Patients and Their Caregivers
Linchun Jin (Jianping Huang)	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	IMMU-15 - A unique self-stimulative property of CD70 CAR advances T cell function and anti-tumor response in glioblastoma
Angelie Rivera-Rodriguez (Carlos Rinaldi)	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	IMMU-25 - Magnetic particle imaging for non-invasive tracking of adoptive cell transfer in cancer immunotherapy

<https://www.eventscribe.net/2019/sno/speakers.asp?goToLetter=M&pfp=Speakers>

Elizabeth Ogando-Rivas	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	IMMU-27 - Immune Checkpoint Blockade of Ex Vivo Expanded T cells for Use in Adoptive Cellular Therapy (ACT) for Glioblastoma
Fernanda Pohl-Guimarães	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	IMMU-41 - RNA-modified T cells as professional antigen presenting cells.
Haipeng Tao (Jianping Huang)	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	TMIC-49 - Abrogating CD70 expression in GBM results in a reduced immunosuppressive tumor microenvironment
Duane Mitchell	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	ATIM-15 - Sustained complete radiographic response and prolonged systemic immune activation in a patient with MGMT unmethylated midline glioblastoma receiving CMV pp65-LAMP RNA-pulsed dendritic cell vaccines
W Gregory Sawyer	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	TMOD-07 - In situ microscopy of drug and immune cell interactions against biofabricated tumor models
David Tran	Poster Presenting Author Saturday, November 23 5:00 PM - 7:00 PM Location: Ballroom Lawn	ATIM-39 - Phase 2 open-labeled study of adjuvant temozolomide plus Tumor Treating Fields plus Pembrolizumab in patients with newly diagnosed glioblastoma (2-THE-TOP)
Presenter	Sunday, Nov. 24	2 Oral Abstracts
Tyler Wildes (Catherine Flores)	Oral Abstract Presenter Sunday, November 24 11:00 AM - 11:10 AM Location: Grand Canyon 8-13	IMMU-13 - Mechanisms of immunological escape during adoptive cellular therapy in high grade glioma
Ginger Moore	Oral Abstract Speaker Sunday, November 24 12:00 PM - 12:05 PM Location: Grand Canyon 8-13	IMMU-49 - The selective enrichment of T cells targeting unknown brain cancer antigens via trogocytosis
